Windy parking bay	New tyre fender system

These extras are included in your marina fees:

- Gas bottle rental
- Gas bottle exchange and delivery (you pay only for the gas!)
- 1 free inspection slip (using cradles in the water) annually (conditions apply)
- Windy parking bay (if caught in bad weather you can park your boat and we'll put it away for you)

And there's more...

Our valued marina clients are entitled to lower fees for any maintenance or slipping service. (Please see the enclosed fee schedule for details). You can also hire tools or equipment including water blasters, generators and scaffolding from us

We are so confident that you can't get this value for money elsewhere – we will match the annual fees quoted by another marina for the same services and facilities.

It doesn't stop there...

2014 will see the opening of our new restaurant in July – it will seat 100 people. We'd love you to be part of the celebrations.

Also, there's a few other developments planned. We'll tell you more about them when we meet.
